BOOSTER: Activating this sets the motor to maximum of 4th speed for 10 minutes. It then drops back to 3rd speed automatically.

TIMER: Press the timer to automatically switch off the hood after 15 minutes.

CLEAN AIR: Press the timer button for 3 seconds and the hood will activate for 10 minutes every hour at the minimum speed. This guarantees continuous air exchange in the kitchen.

FILTER SATURATION: A light will flash after 30 hours running time to indicate that the grease filter should be washed. After 120 hours use, another light flashes to indicate that the charcoal filters should be exchanged (if used).
